COVID-19 Daily Screening for Students

Name _____ Date _____

Parents/Guardians: Please complete this short check each morning and report your child's information per your school's reporting instructions.

Section 1: Symptoms

Any of the symptoms below could indicate a COVID-19 infection in children and may put your child at risk for spreading illness to others. Please note that this list does not include all possible symptoms and children with COVID-19 may experience any, all, or none of these symptoms. Please check your child daily for these symptoms:

Column A

☐	Fever (measured or subjective)
☐	Chills
☐	Rigors (shivers)
☐	Myalgia (muscle aches)
☐	Headache
☐	Sore Throat
☐	Nausea or Vomiting
☐	Diarrhea
☐	Fatigue
☐	Congestion or Runny Nose

Column B

☐	Cough
☐	Shortness of Breath
☐	Difficulty Breathing
☐	New Loss of Smell
☐	New Loss of Taste

Students who are sick (e.g. fever, vomiting, diarrhea) should **not** attend school in-person. If **TWO OR MORE of the fields in Column A are checked off** OR **AT LEAST ONE field in column B is checked off**, please keep your child home and notify the school for further instructions.

Section 2: Close Contact/Potential Exposure

Please verify if:

☐	Your child has had close contact (within 6 feet of an infected person for at least 10 minutes) with a person with confirmed COVID-19
☐	Someone in your household is diagnosed with COVID-19
☐	Your child has traveled to an area of high community transmission.

If **ANY of the fields in Section 2 are checked off**, your child should remain home for 14 days from the last date of exposure (if child is a close contact of a confirmed COVID-19 case) or date of return to New Jersey.

Contact your child's provider or your local health department for further guidance.
